Breeding Arrangements:

2. To guarantee shipping, mare owner, or agent, must give at least a 24hour notice of possible semen shipment required to HPPH, Inc. and confirm shipment prior to actual shipment by 8am central time the day of collection.
3. Every effort will be made to accommodate your mare's breeding timeframe; however, it is the mare owner's responsibility to keep in touch with HPPH, Inc. so that your veterinarian and ours can get your mare in foal on a timely basis. Failure to adhere to these arrangements may result in missed heats and delayed shipments, at the mare owner's expense. A veterinarian knowledgeable in successful insemination techniques must oversee off site inseminations, in order to maximize the potential of a timely pregnancy.
4. If a mare dies or is deemed unfit to breed during the breeding season, a substitute mare, approved by the stallion owner, may be bred without any additional breeding fee. There will be NO refunds for any fees associated with this contract.

The mare owner will have the right to substitute a different mare for the rebreeding providing that the substitute mare is of same quality and condition as the original mare approved, determined in the stallion manager's discretion. In such a case return privileges will be available for one additional season only following original contract season. Rebreds must pay the rebreed chute fee and any shipping charges applicable.
If the mare owner fails to rebreed the mare the following year after original contract, then any and all fees become forfeited, the right to rebreed is cancelled and the stallion owner is released from all further obligation of this contract, unless otherwise agreed in writing and signed by both parties.
7. **We do not offer color guarantee on any color breed mares**
8. **Embryo transfers- if more than one embryo is produced, each additional embryo will require an additional \$1500 fee once checked 30 days positive pregnancy. It is mare owner's responsibility to notify us of number of embryos produced.**
